*Not recognized as an essential nutrient by the AAFCO Cat Food Nutrient Profiles.

Wellness believes in feeding dry and canned food in combination, whenever possible, to help increase the level of water in your cat's diet. Please have clean, fresh water available at all times. We understand that every cat is different and optimal feeding amounts may vary with age, activity level and environment. Please use the chart below as a guide.

Recommended Feeding Portions (Cups per day - based on a standard 8 oz. measuring cup):

Age in Months	Dry Food Alone	Combination Feeding
1 - 2	1/4 - 1/3	1/4 + 3 oz. can
2 - 6	1/3 - 3/4	1/2 + 3 oz. can
6 - 12	3/4 - 1	3/4 + 3 oz. can

For pregnant or lactating cats: Allow access to dry food at all times.

Product Guarantee

100% Complete and Balanced Nutrition for Your Kitten.

Wellness® Kitten Health is formulated to meet the nutritional levels established by the Association of American Feed Control Officials (AAFCO) Cat Food Nutrient Profiles for growth and gestation/lactation.
